

## **Master Plan RFP Questions & Answers Document 10/4/2022**

**#1 Eureka County School Districts.  
Master Plan RFP for Strategic Facilities Master Planning Addendum  
#1, Revised September 22/2022.  
Deleting Cost Requirements.**

**#2 Eureka County School Districts.  
Master Plan RFP for Strategic Facilities Master Planning Addendum  
#2,  
Questions and Answers,**

- 1. Should the architectural team include any additional consultants?* **Response: If subconsultants are part of the team they should be identified and the services they will provide.**
- 2. Will the Eureka County School District provide any materials in terms of existing drawings, CAD files, illustrations, or other collateral?* **Response: Yes,**
- 3. Does Eureka Country School District have an interest in branding, graphic design or other scope that may assist in the advancement of the future planning, mission statements, etc.* **Response: That is not necessarily a requirement of the RFP but may be part of the discussion proposed by the consultant as the goals and strategies are developed.**
- 4. For final deliverables, the RFP suggests that this shall include a facilities masterplan, predicated on a series of workshops and community engagement. Is the scope limited to illustrations of planning, programming, etc. or are there additional expectations for building design or site work that may require deeper analysis?* **Response: The Facilities Master Plan shall identify the strategic five-year facilities plan and the strategic ten-year facilities plan, giving the ECSD direction to proceed with specific future projects.**
