RE: Q 3 FY 22 ADE Certification

Dear Mrs. Peterson:

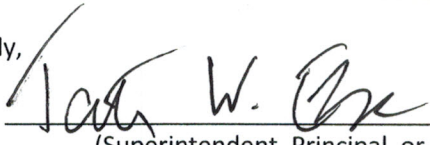

I hereby certify that:

- I (or my designated representative) have validated the Q3 FY22 student enrollment data calculated and generated by Infinite Campus NV State Reporting ADE reports (including resolving any overlaps to the best of our ability and confirming district of residence), in accordance with the **ADE Validation & Certification Guidance (Updated 08/24/2019)** and the direction of NDE SAIN Support;
- The following validated reports have been downloaded from Infinite Campus and uploaded to Bighorn in the fiscal reporting folder, and I affirm their completeness and accuracy for purposes of DSA payment:
 - District/Charter Summary Report
 - School Detail Report
 - Enrollment Overlap Report

Also included is the Non-traditional Student Report (CSV) as required pursuant to NRS 387.1223(2)(7).

- Our Total ADE Count is 330.72 (sum the ADE column of the Detail Report then subtract any reported overlaps. This will be the same report for both charter schools and districts); Please ensure this figure is rounded and reported to the second decimal place of the report you are certifying.
- I understand that all ADE figures are subject to review, verification, and potential adjustment by NDE audit, and that any requested ADE adjustments must be reviewed and approved by NDE Audit for potential payment adjustment in a subsequent DSA True-Up;
- Our District/School primary contact for ADE questions is:
 - ADE Preparer Name Winnona Eversgerd
 - Title Director of Counseling, Assessment, and Accountability
 - Phone 775-237-5361
 - Email weversgerd@eureka.k12.nv.us

Sincerely,

Name: 
(Superintendent, Principal, or CFO)

Title: Superintendent
